- Material UI

PROFESSIONAL SUMMARY

Software Engineer with over 4 years of experience building mobile and web applications using React Native, React.js, Next.js, Node.js, and TypeScript. Currently working in the fintech industry, developing secure and scalable financial applications for agents and customers. Experienced in full software development lifecycle, REST API integration, state management, and delivering high-quality user experiences across mobile and web platforms.

PROFESSIONAL EXPERIENCE

React Native Developer | I-Tech Platform Limited, Abuja

2025 – Present

- Develop and maintain fintech mobile applications for agents and customers.
- Build features including savings, loans, contributions, withdrawal and transaction management.
- Integrate secure REST APIs and authentication systems.
- Collaborate with backend engineers and product teams to deliver new features.
- Improve application performance and user experience.
- Maintain production releases and troubleshoot issues on Google Play Store.

Full Stack Web Developer | Steamledge Limited, Kano

2024 – 2025

- Develop and maintain full-stack web applications using React.js, Next.js, Node.js, and MongoDB.
- Build responsive and scalable web applications.
- Design and consume RESTful APIs.
- Implement authentication and authorization systems.

Backend Development

- Node.js
- Express.js
- REST APIs
- Authentication (JWT, OAuth, Passport.js)

Databases

- MongoDB
- Firebase Firestore

Tools & Technologies

- Git & GitHub
- Postman
- VS Code
- Android Studio
- Figma
- App Store & Google Play Deployment

CERTIFICATIONS

- Google Digital Marketing Certification
- Android Development Certification (Udemy)
- Web Development Certification (Udemy)
- Diploma in Computer Studies

ACHIEVEMENTS

- Built and maintained production mobile applications.
- Delivered full-stack applications from concept to deployment.
- Trained students in software development through government-sponsored programs.
- Developed applications used in finance, education, and media sectors.

Mobile App Developer | Steamledge Limited, Kano 2022 – 2024

- Built and maintained mobile applications using Kotlin and Android Native.
- Integrated APIs and third-party services.
- Collaborated with cross-functional teams to deliver business requirements.

Facilitator | NITDA Digital Economic & Employability Program 2022

- Trained students in software development and digital skills.
- Delivered technical sessions and practical workshops.

Center Manager | Advance Digital Opportunity Foundation (ADOF) 2021

- Managed training operations and coordinated digital literacy programs.

SIWES Intern | Amnet Institute of Information Technology, Kano 2019

- Assisted in software development and IT support activities.

SELECTED PROJECTS

Adashe Mobile Application (React Native, TypeScript, REST APIs)

- Developed and maintained a fintech application for savings, loans, withdrawals, contribution and transactions.
- <https://play.google.com/store/search?q=adashe+app&c=apps>

Asra Music Platform (React.js)
